Call 253-732-4918 for your puppy.

### **Conditions**

Deposit's hold your place in line for picking out your new addition. The deposit is \$500.00 and is not refundable unless we fail to produce the color and gender you are looking for. There is a PayPal link for making deposits on the Latest Litters page. Note if the litter you have given a deposit on fails to produce the gender and color you have requested, then the deposit will be moved to the next litter that will produce that puppy. If

there are deposits already on that next litter they will be bumped back and you would have first pick of that litter and so on and so forth.

We are now accepting PayPal deposits and payments but there will be an additional 3.5% charge to use PayPal.

Limited registration is if you are just purchasing a dog for a pet not for breeding or showing. If a dog with limited registration has puppies the puppies will not be able to be registered.

Full registration means that if you breed the dog, the puppies will be able to be registered with AKC. You are also welcome to show that dog in any AKC shows.

Note: Silvers are registered as Chocolate, White and Red fox are registered as Yellows, and Charcoals are registered as Blacks.
